Description

This feature allows the HR Admin to administer users by creating logins and defining privileges by assigning User Types (Admin or ESS). To add a system user, go to Admin>> User Management>> Users and click "Add", a screen as shown in Figure 1.2 would appear. Click "Save" once the fields are added. *Note: An employee list needs to be created first under the PIM Module to create user logins. Alternatively, a user login could be created when adding employees under the PIM Module (refer to Chapter 6.3.) To create a user login the following needs to be entered: • User Role: You can assign user roles for each user whether they would fall under as an "Admin" or "ESS" user type to define their user rights. • Admin: have access full access to the system. • ESS: limited access to the system. It could be an ESS-Supervisor or ESS-Employee. 1. ESS-Supervisor: where the user has access to his/her particulars and his/her subordinates' particulars. 2. ESS-Employee: where the user has access only to his/her particulars. • Employee Name *If an HR Admin is an existing employee, he/she needs to be defined in the PIM Module • Username • Status – Enabled or disabled • Password • Confirm Password (Re-enter the password). A list of user logins as shown in Figure 1.3 would appear once an entry is added. You may also add multiple entries of user logins. The default system user available will be Admin and has full access to the system. *Note: System User Logins need to be communicated manually to employees. To delete a system user, click on the check box next to the "Username". It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete"

Description

The HR Admin can define the pay grade by setting a minimum salary, maximum salary, step increase, and the currency to be paid in. To add an entry, go to Admin>>Job>> Pay Grades and click "Add" and a screen as shown in Figure 1.6 would appear. Click "Save" once the field is added. Once you click "Save" the screen in Figure 1.7 would appear and you can now define the currency and the minimum/maximum salary for each pay grade created. You can define the pay grade by clicking "Add" under "Assigned Currencies" and then providing the pay details under "Add Currency". Click "Save" to save the currency for the Pay Grade. You can assign multiple currencies here and each currency defined will be listed as shown in Figure 1.8. You can edit details of a particular currency by clicking on the "Currency" name. All pay grades added will be listed as shown in figure in 1.9. To view Pay Grade details click on "Pay Grade name. To delete a Pay Grade click on the check box next to the "Pay Grade" name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

Description

Under Locations, the HR admin can add details of sites and branches of the company. You are also able to track the number of employees working for a particular location once employees are tagged to the locations when building up the PIM Module. To add a location go to Admin>>Organization>>Location and click "Add" and the screen as shown in Figure 2.7 would appear. Click "Save" once the fields are added.

Once a location is added, it will be listed as shown in Figure 2.8. You may also enter multiple locations. You may view location details by clicking on "Location Name". To delete a location click on the check box next to the location name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

Description

This feature allows the admin to define the hierarchy of the company by defining sub units. Since the parent company is already defined in the General Information, it would automatically appear in the Company Structure screen. *Note: You need to define the company name of the parent company before you create the Company Structure. 19 Copyright © 2013 OrangeHRM Inc. All Rights Reserved. To add a sub- unit to the company structure, go to Admin>> Organization>> Structure and click on [+] as shown in Figure 2.9 and the screen shown in Figure 3.0 would appear.Note: Company Structure may be defined according to the company's specifications and hierarchy. When entering the fields, you need to specify if the sub-unit is a Department, Division or Team. Once you have entered the field, click "Save" and the Sub-Unit will appear as shown in Figure 3.1. You may also add further sub-units by clicking [+] option next to the relevant fields to indicate the hierarchy levels of the company and create a pyramidal structure of your organization as shown in Figure 3.2. 20 Copyright © 2013 OrangeHRM Inc. All Rights Reserved. Figure 3.2: Company Structure Hierarchy To delete an entry, you can simply click "[x]" next to the relevant sub units. Click "Done" below the screen to save the information. You can also collapse/expand the sub-units by clicking on the and on the right hand side of the sub-units to further view the company structure hierarchy.

Description

This feature will allow the admin to subscribe to email notifications that will be sent to the employees and supervisors in the system. A copy of the mail will be sent to the email address specified by the Admin. He/she can also select what copies of notifications he should receive. To subscribe to a notification type, go to Admin>> Configuration>> Email Subscriptions and a screen a shown in Figure 4.6 would appear. The HR Admin may also add other subscribers to the following notifications by clicking on the notification types and you will be directed to the screen as shown in Figure 4.7. Once the fields are added, click "Save". The entry will then be listed as shown in Figure 4.8 and multiple entries of subscribers for a particular notification type may also be added or deleted. When you click "Back" you will be directed to the "Email Notification" screen as shown in Figure 4.9 with the added notification subscriber reflected on the screen.

Configuration of mail settings is essential to accommodate sending and receiving notifications related to the operations performed within the OrangeHRM application. To configure the mail settings, go to Admin>> Configuration>>Email Configuration, a screen as shown in Figure 4.5 would appear. Enter the fields accurately by clicking "Edit", and then a test mail to an email address of your choice could be sent to check functionality. Click "Save" when you have entered all the settings and you may check the email account if you specified an address to receive the test mail.

Description

This feature enables the HR Admin to configure the language settings and translate the OrangeHRM system to the language of your choice. To configure localization settings, go to Admin>> Configuration>> Localization and the screen as shown in Figure 5.0 would appear. Click "Edit" to edit the fields. The default language of the system is US English however you may also use an already set up browser language to translate the system to the language of choice. For example: If you are using Firefox as your browser and it's translated in UK English language and you want to use this particular language, click on the "Use Browser Language if set" and select from the "Supported Language" provided. The language pack tool can also be obtained from the website by clicking on "Language and font help" as shown in Figure 5.0, where you will be diverted to the web page or by simply browsing through the OrangeHRM Website (http://www.orangehrm.com >> Community>> Translators).
